

Panelite QuickScreen | Daylight, Transparency/Privacy, Quick-install **DESK**

Panelite's QuickScreen **DESK** is a lightweight, easy-to-install partition that maintains ample daylight and visibility while providing a physical barrier that is easily cleaned and sanitized.

QuickScreen **DESK** is installed with a clamp support and is ideal to divide workstations in open plan offices and other collaborative environments. Available in a range of Panelite panel options including a micro-perforated acoustic panel and a 100% recycled paper honeycomb core. Also available in clear PMMA Acrylic. Edging: metallic-finish ABS or wood. Aluminum bracket in silver or black.
